

RIDE IT! DRIVE IT! PUSH IT IF YOU HAVE TO!

But be a part of the first

Historic Vehicle

Day

1 September 06 –first day of spring

Why ? – Why not!

This is a celebration of the history of vehicles our individuals and clubs preserve and of the affordable and flexible registration scheme we have that allows us to use them. We aim to raise awareness for the upcoming Bay to Birdwood on September 24 and the festival of motoring events associated with it and also hope to help raise awareness for Prostate Cancer – September is Prostate Cancer awareness month.

**The concept is simple - No entry forms or fees - No eligibility criteria
If you have a historic vehicle just use it instead of your modern on the day.**

- Use it to get to work
- Use it to go shopping
- Use it for a picnic
- Use it on an organised run
- Drop the kids at school
- Just use it !

Be a part of it right across SA!
