Show your support

We're encouraging drivers, participants and spectators to show their support for the Flinders Medical Centre Foundation and South Australian cancer research by decorating themselves and their vehicles with **PINKYELLOWBLUE** sash packs. Packs are available when you register and on the day.

Cruising Classics 2011

If the day itself is not enough, anyone can participate in two weeks of associated motoring events in September. Activities include drives to attractions in SA's top tourism regions and a night with some aviation model flyers, amongst other things.
